

## Why take the bus?

The bus can be cheaper than filling your car with petrol and paying for parking. It takes the stress out of having to drive yourself, especially in rush hour traffic. There's no worrying about finding a car park or parking space.

You can use your time to read, etc. and many buses have free Wi-Fi. Walking to the bus stop, can also be better for you, as part of a more active lifestyle.

And did you know that transport is the biggest contributor to greenhouse gas emissions in the UK! Leaving the car at home and taking the bus significantly cuts down on these emissions.

**Take the bus - it's better for you and better for the environment!**
